MORALES, JOHN L
3638 GILPIN ST
DENVER, CO 80205

Property: 3638 GILPIN ST

I will allow EPA staff and EPA's authorized representatives to have access to my property(ies) **(IDENTIFIED ON THE ATTACHED LABEL)** for the purpose of collecting soil samples. I understand that this service is provided at no cost to me.

I understand that this soil testing is part of an investigation of possible metals contamination in north Denver soils, primarily in the neighborhoods of Elyria and Swansea. EPA is conducting this investigation as part of its responsibilities under the Comprehensive Environmental Response, Compensation and Liability Act (Superfund).

This written permission is given by me voluntarily.

Date Signature Phone Number

☐ I would like EPA to provide me with a portion of the sample, called a "split sample", for my own analysis.

☒ I would like to be present during the sampling. My daytime telephone number is 303-295-6316

If you have any questions, please contact Pete Stevenson at (303) 312-6799 or Pat Courtney at (303) 312-6631.

Comments:

PLEASE SIGN AND RETURN THIS ACCESS AGREEMENT TO OUR CONTRACTOR IN THE ENCLOSED PREPAID ENVELOPE. Soil sampling will take about 30 minutes. It is not required that the owner or resident be present; however, if you request to be present, please let us know when you will be home and provide us with your daytime telephone number. You may also use the comment section to tell us special information about your property (for example, "be careful not to let dog out of the back yard"). EPA will fill any hole where samples were collected with topsoil.

Thank you for participating in this important study of your neighborhood.
